

Extra Credit 2 (10 points)

Watch the video Becoming Human Part II and make notes about the film as you watch it

<http://www.pbs.org/wgbh/nova/beta/evolution/becoming-human-part-2.html>

Describe the transition from early Homo (habilis and rudolphensis) to Homo erectus. What kinds of **anatomical and behavioral shifts** do we see when Homo erectus first evolves in Africa (otherwise known as early African erectus or Homo ergaster). Summarize one of the **theories** from this film about how or why these changes occurred.
